

Physics

Magics of Nanotechnology

Nvis 104D

It provides the students exposure to the amazing and new world that is Nano world. With this kit we provide Nano coated sand and Nano bits whose properties are being demonstrated. In this we obtain dry sand on separating it with water.

Features

- Easy to Comprehend.
- Accessories are provided in a carrying bag.
- A complete kit to demonstrate concept of Nanotechnology

Technical Specifications

Glass beaker	: 50 ml
Sand	: Nano Sand
Beads	: UV sensitive nano coated
